

PNEUMATIC FLUIDIZING PADS

- **Uniform Airflow**
- **Air-tight Seals**
- **Minimal Sag**
- **No Fraying**
- **Rot & Mildew Resistant**

Central Sales & Service, Inc.'s Airslide Department is exclusively devoted to making pneumatic pads. Currently we produce over thirty different types that are used in the transportation of dry powders, such as flour.

CSS manufactures and fabricates over 2,000 items from plastic, rubber and air fabrics to metals for freight cars.
