ISO9001:2008
Quality Management System

5241 QUAD GASKET

Our patented Quad Gasket (#5241) creates a water tight seal on boxcars that contain a plug type door. When compressed, the gasket folds around itself creating four separate sealing points in two different directions.

#5241 Quad Gasket (Patent #7,487,616B2).

#5241 Corner profile

Plug Door Gasket Profiles/Description
